Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That lew of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent, of all women treated by Dr. Pierce have been absolutely and altogether cored. Such a record would be remarkable if the cases treated were numbered by hundreds only. Hut when that record applies to the treatment of more than hall-a mil-

specialists in the treatment of women's diseases.

Every sick woman may consolt Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, open them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest.,

IF YOU HAVE A SICKLY

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the house should know what to do in the fittle emergencies that arise. A clithl with a serious allment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, menelly constipation.

There is no sense in giving it a pill or a remety containing an opiale, nor is flushing of the bowels to be always recommended. Itaher give it a small dose of a rolld, gentie laxalive tonic like Dr. I'midwell's Syrup Cepsin, which, by cleaning out the bowels und rireogeneing the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that
